Mr Fayez R. Nour
Chair
BEING Mental Health Consumers
108 Cathedral St
WOOLLOOMOOLOO NSW 2011

Dear Mr Nour

Thank you for your letter dated 9 November 2022 regarding the successful 30th Anniversary celebrations for the NSW Consumer Advisory Group on 8 November 2022 at Parliament House, Sydney.

It was my pleasure to be the Parliamentary Sponsor of the venues at Parliament House for both the conference and gala dinner which brought together such a wide range of stakeholders together with the Parliament. I am pleased to hear how successful the event was for BEING Mental Health Consumers.

Additionally, I moved a motion in the NSW Legislative Council on 17 November 2022 recognising the events held at Parliament House by BEING Mental Health Consumers, and your tireless advocacy for improving the experiences of those living with mental health challenges in New South Wales. I have enclosed a copy of the motion as it is displayed in Hansard.

I am very appreciative for the engagement with you and your team at BEING Mental Health Consumers to date and am excited about the possibilities for partnering together in the future.

Together we can ensure the partnership between Government and the mental health sector supports those with lived experience of mental health challenges and emotional distress.

Yours sincerely

29/11/22
